# About the Four-Year Bachelor of Education (BEd)

- An undergraduate professional degree leading to teacher certification
- Completion of a BEd is required to teach K-12 in Alberta
- 4-Year BEd consists of 120 units (typically 4 years of study, full course load)
- Up to 7 years from initial admission to the program to complete degree
- At UCalgary, there are various pathways to obtain a BEd degree:
  - 4-year BEd; 5-year Concurrent; 2-year After-Degree

# Why A Four-Year BEd?

Our 4-Year Bachelor of Education pathway is designed to give you the skills and competencies to be a great first year teacher, with a good foundation in core subject areas and added depth in one area of specialization.

- Program consists of 120 units:
  - **6** foundational courses in a breadth of areas
  - **5** elective courses from any area
  - **8** teachable subject area courses specific to your specialization
  - **20** EDUC major courses (EDUC 201 and EDUC 400/500)

The Four-Year BEd Program page in the [online Calendar](#) has information on course details, including accepted courses for foundational requirements.

# What Your Program Looks Like

## Suggested program sequence

Please Note: You must successfully complete EDUC 201 before taking your 400-level EDUC courses. Additionally, the 400-level and 500-level courses are taken as distinct semesters - you cannot take any non-Education courses during your Education terms, nor can you 'mix and match' with other EDUC classes. If you have incorrectly registered in your 400-level or 500-level EDUC courses, you will be removed, and asked to correct your registration.
