Land Acknowledgement: *The University of Calgary, located in the heart of Southern Alberta, both acknowledges and pays tribute to the traditional territories of the peoples of Treaty 7, which include the Blackfoot Confederacy (comprised of the Siksika, the Piikani, and the Kainai First Nations), the Tsuut'ina First Nation, and the Stoney Nakoda (including Chiniki, Bearspaw, and Goodstoney First Nations). The City of Calgary is also home to the Métis Nation of Alberta (Districts 5 and 6).*

COURSE DETAILS:

Start of Classes: January 13, 2025

Last Day of Classes: March 14, 2025

Term Break: February 17-21, 2025

Last Day to Add/Drop/Swap: Due to the non-standard dates associated with this program, please check your Student Centre for the important dates pertaining to your section.

Pre-requisite: Due to the multiple pathways in the Bachelor of Education, please consult Undergraduate Programs in Education for questions related to pre-requisite courses.

Office Hours: By appointment only

Email: Students are required to use a University of Calgary (@ucalgary.ca) email address for all correspondence.

COURSE DESCRIPTION:

Using a problem-based learning approach, this course aims to equip student teachers with assessment literacy that displays their understandings of the definitions, purposes, functions, and principles of different forms of assessment. Through the investigation of assessment problems, pre-service teachers work through key concepts of measurement, testing, balanced assessment, assessment *of* learning, assessment *for* learning, assessment *as* learning, and authentic assessment. Further, they will develop their assessment capacity in the following key aspects: quality assessment and rubric design, evaluation of the quality of performance assessments and rubrics, assessment *for* learning practices, and sound grading and reporting practices.

LEARNER OUTCOMES:

Students will be knowledgeable about:

- The key vocabulary, purposes, functions, and principles of different forms of assessment;
- The design principles and features of authentic performance assessments;
- The principles and features of high-quality rubrics;
- The alignment between high quality assessment tasks, rubrics, and assessment *for* learning; and
- The purpose for adopting sound grading and reporting practices.

COURSE DESIGN AND DELIVERY:

Sections S01 to S11 will be delivered face-to-face on campus with possible engagement in a D2L environment. Sections S30 to S33 will be delivered online using D2L, Zoom and other technologies.

Content: The problems (posted in D2L) that form the basis for this course are organized around real-world issues in assessment. Each of these problems needs to be discussed, analyzed, and debated. All the problems are designed to foster collaboration, provoke discussion, and extend understandings of the contemporary issues in assessment. Students are expected to explore perspectives, to become critically informed from different perspectives, and to appreciate multiple possibilities for practical action in learning and teaching environments. Students need to explore the inquiry beyond the initial response to the preamble and required readings. Further, students need to work with and learn from others as they engage in critical discussion of the assessment issues and reflect on how this impacts teaching and learning.

Course Sequence: This course is set up as a problem-based learning sequence. Each task has a scenario which is elaborated on in the problem sequence from one to five. As seen in the figure below, these are not separate entities, but each task and problem builds towards overall assessment literacy.

REQUIRED RESOURCES:

Feldman, J. (2024). *Grading for Equity: What it is, why it matters, and how it can transform schools and classrooms*. 2nd Edition. Corwin. Online Access is available.

For each problem, there is also a further list of required and supplementary readings, as well as resources to support completion of the learning tasks.

The majority of the readings will be available through University of Calgary online resources.

ADDITIONAL RESOURCES:

It is expected that students will read further in the area of topics identified and discussed in class. Students must be able to access books and journal articles using the University of Calgary Library system. Journal articles are accessible through databases through the University of Calgary library homepage.

LEARNING TASKS AND ASSESSMENT

There are three required Learning Tasks for this course. All three learning tasks require students to submit via Dropbox in D2L by the due dates specified in the course schedule.

LEARNING TASKS OVERVIEW

LEARNING TASK	DESCRIPTION OF LEARNING TASK	GROUP / INDIVIDUAL	WEIGHT	DUE DATE
Learning Task #1A	Assessment Terms Video and Presentation	Individual	20%	February 9th, 23:59
Learning Task #1B	Assessment Terms Video and Presentation	Group	5%	February 9th, 23:59
Learning Task #2A	Assessments & Rubrics - Critique, Redesign and Discussion ...	Group	35%	March 2nd, 23:59
Learning Task #2B	... with Exemplar Responses	Individual	10%	March 2nd, 23:59
Learning Task #3	Communication of Student Learning	Individual	30%	March 14th, 23:59

Note: All assignments are expected to be the original work of the student and students are not to employ text generation software (for example, ChatGPT) or other AI tools.

Please note, for group assignments, you will be assessed as a group. If there are any concerns around group work, please consult with your instructor, who will discuss a reasonable plan forward based on the specificity of the context. Further grading details are included in the Learning Task Rubrics.

WEEKLY COURSE SCHEDULE:

Date	Problem-Based Topics	Readings and Tasks	Due Dates
Week 1 (Jan. 13 – 17)	What is Assessment? Problem 1: Developing an Assessment Toolbox: Considering Balance and Purpose	Reading: Feldman (2024) p XXiX - XLIII	
Week 2 (Jan. 20 – 24)	Problem 1: Developing an Assessment Toolbox: Considering Balance and Purpose	Reading: Feldman (2024) Ch. 1	
Week 3 (Jan. 27 – 31)	Problem 2: Assessment for Learning	Reading: Feldman (2024) Ch. 3	
Week 4 (Feb. 3 – 7)	Problem 3: Developing High Quality Assessment Tasks	Reading: Feldman (2024) Ch. 4	LT1A Due: February 9th, 23:59
Week 5 (Feb. 10 – 14)	Problem 3: Developing High Quality Assessment Tasks	Reading: Feldman (2024) Ch. 9	LT1B Presentations: February 13 th in class
Week 6 (Feb. 17 – 21)	Happy Term Break		
Week 7 (Feb. 24 – 28)	Problem 4: Developing High Quality Rubrics to Enhance Student Learning	Reading: Feldman (2024) Ch. 12	LT2 Due: March 2nd, 23:59
Week 8 (March 03 – 07)	Problem 5: Grading and Reporting	Reading: Feldman (2024) Ch. 13	
Week 9 (March 10 – 14)	Problem 5: Grading and Reporting	Reading: Feldman (2024) Ch. 14 and 15	LT3 Due: March 14th, 23:59

CHANGES TO SCHEDULE:

Please note that changes to the schedule may occur to meet the emerging needs and dynamics of the participants in the course.

LEARNING TASKS AND ASSESSMENT

All assignments are expected to be the original work of the student and students are not to employ text generation software (for example, ChatGPT).

There are 3 required Learning Tasks for this Course.

LEARNING TASK 01: Assessment Terms Video and Reflection Paper (Individual, 25%)

– DUE: February 9th, 23:59

A key foundation of assessment literacy is understanding the key assessment terms and their applications in real-world contexts. This Learning Task is designed to help you gain a deep understanding of key assessment terms.

Although Step 1 of this learning task is assessed individually, you will be working in groups of 3-5 peers. Part B (Step 3) will be assessed as a group. This group will be the same as the group you will work with in LT02. This Learning Task has multiple steps.

Part A**Step 1: Video Creation (20% Individually Assessed)**

Each group member will be give a set of 5 unique assessment terms. Working individually, please provide a brief definition and explain how each of the terms is relevant to your teaching subject. You will then teach the 5 terms to your group via a 5-7 minute video. Use our course's required and recommended readings, the Alberta Assessment Consortium (AAC) website (<https://aac.ab.ca/>), the Alberta Education website (<https://www.alberta.ca/education.aspx>), and other professional or peer-reviewed sources, to develop your understanding of what these terms mean in the context of K-12 teaching in Alberta.

For each term, the video should define/explain:

- A. the term
- B. how it will be used in your teaching subject
- C. provide 1–2 concrete examples in the school context

Submission:

A final copy of your work should be submitted to the LT1 Dropbox in D2L.

Step 2: Teach Group (ungraded)

You will share your video with your group members and all group members will watch and learn from each others' videos. After this, you will come together in class and as a group discuss the terms. This is an opportunity for peer teaching (What terms did you choose? What do they mean? Why are they important in your teaching subject?) and peer feedback (Did you clearly explain the terms? What had they learned from your assessment terms and examples?) The goals of this step are for all group members to develop a clear understanding of all the terms and how they are used in the Alberta K-12 context and to prepare to teach your peers about your terms.

Part B**Step 3: Teach the Class Presentation (5% Group Assessed)**

Once you have watched each others' videos and developed a clear understanding of the assessment terms in Step Two, each group will be called upon to teach the rest of the class about randomly selected terms. Presentations may follow the same format as used in the videos. After each term is presented, the instructor and classmates will engage you in questions about the assessment terms and they applications in your teaching subject.

A demonstration will be provided in class ahead of time.

Meets some but not all Novice criteria	Does not meet any Novice criteria

LEARNING TASK 02: Assessments & Rubrics - Critique, Redesign and Discussion (Group, 40%) with Exemplar Responses (Individual 10%) – DUE: March 2nd, 23:59

This Learning Task has two parts:

- a. The larger Part A is a group work assignment (35%) where students work together to choose an assessment and then critique and redesign it before discussing the redesigned assessment.
- b. The smaller Part B is an individual assignment (10%) where students will each create two exemplar responses to the redesigned assessment.

For Part A:

Working in the same small groups as in LT1, your group will select an existing assessment and its associated rubric. You may choose from a single subject or an interdisciplinary project. One good source is for finding assessments with rubrics relevant to the Alberta k-12 context is the Alberta Assessment Consortium (AAC) website (<https://aac.ab.ca/>). You have access to this resource using your UCalgary username and password.

After selecting your assessment and rubric, share with the instructor for approval (to avoid it being too easy/hard for this learning task).

Once you have selected an assessment and its associated rubric, your group will first review and critique the assessment and its rubric. Although this review and critique will be based on course content and readings, you should also bring in sources and arguments from outside the course readings. Next, your group will redesign the assessment and its rubric to improve it and address as many of your critiques as you are able to address. Once the redesign is complete your group will then discuss the redesign of the assessment and its rubric, highlighting improvements and discussing any remaining issues.

Learning Task 2 - Part A - Sections and Steps:

1. After selecting an approved assessment and rubric, provide a thorough written critique of the material using Newmann and Associates' (1996) criteria for authentic intellectual quality, Arter and Chappuis' (2006) MetaRubric, and other sources as needed. Please ensure you address both strengths and weaknesses of the material.
2. Use the readings and resources in Problems 3 and 4 to annotate the assessment document and rubric.
3. Redesign the assessment and its associated rubric. Please ensure the redesign is fully formatted and ready for potential student use.
4. In a discussion of your redesigned assessment and rubric, reapply Newmann and Associates (1996), Arter and Chappuis' (2006), and other sources as needed to the redesigned material. Please ensure you address both strengths and any remaining weaknesses. In doing so, please ensure you also address the following questions.
 - a. How does the task assess disciplinary knowledge?
 - b. How does the task promote quality teaching and learning?
 - c. How does the task assess learning objectives?
 - d. How does the redesign improve on the original?
5. Use the readings and resources in Problems 3 and 4 to add to your redesign arguments and justification with annotations on the revised assessment document and rubric.

For Part A your group will submit 5 items to D2L:

1. Critique of Original Assessment Instrument and Rubric (#1 above) (1,500 words +/- 10%)
2. Original Assessment Instrument and Rubric with Annotations (#2 above)
3. Revised Assessment Instrument and Rubric without Annotations (#3 above – Student Proof Version)
4. Discussion of Revised Assessment Instrument and Rubric (#4 above) (1,500 words +/- 10%)
5. Revised Assessment Instrument and Rubric with Annotations (#5 above)

For Part B:

Working alone, you will complete and submit two exemplar student responses to the revised assessment from Part A. These responses will be completed from a student's perspective as if they have just completed the assessment. Please write these exemplars at two different levels of performance on your revised rubric.

Later, this response will be shared with your group and form a small corpus of materials needed for LT03. Due to this, it would be ideal if your group could coordinate such that student responses exemplify a range of performance levels.

Submission:

Please ensure all written submissions are fully APA formatted. Your group's final submission (Part A) should be organized corresponding to the Sections described above and submitted to the LT2 Part A Dropbox in D2L. Your individual submission (Part B) should be submitted to the LT2 Part B Dropbox in D2L.

LEARNING TASK 03: Communication of Student Learning (Individual, 25%)

– DUE: March 14, 23:59

It is important for future teachers to understand the methods of—and reasoning behind—communicating student achievement and progress. For this task you will build on LT2 and individually use your group's corpus of exemplars to show your learning from this course. The purpose of this assignment is gain experience reflecting on the quality of assessments and how you would communicate the assessment results.

You will do this by:

1. Gathering your group's student response exemplars from LT02 to form a corpus of work
2. Positioning yourself as an educator in the context of your LT02 assessment and rubric, use these 6-8 student response exemplars to reflect on your assessment and rubric

As you position yourself as an educator in this context, please respond to the following questions in LT03:

- a. What is your broad 'vision' or beliefs around assessment?
- b. How does your vision inform how you look at this assessment and its outcomes?
- c. Upon reflection, are there further areas of the assessment you would redesign or adjust to align it with your vision?
- d. How would you communicate student learning with students and other stakeholders?
- e. How could you use this assessment to inform your instruction and subsequent assessment practices including AaL, AoL, AfL?

For the questions above, you will write a report outlining your responses. You may use the questions as headings or write your report as a holistic paper. You are encouraged you to use the concepts, vocabulary, and key themes from across the course to show your learning in this summative assessment.

Your report should be 1,500 words (+/- 10%) and follow all APA requirements.

Submission:

A final copy of your work should be submitted to the LT3 Dropbox in D2L.

THE EXPECTATION OF EXCELLENCE IN PROFESSIONAL WORK

Please review the Academic Calendar carefully. It describes the program and provides detailed schedules and important dates. It contains information on expectations for student work and professional conduct. In addition, procedures are described regarding concern about student performance in the program. Please pay especially careful attention to details and descriptions in the following topic areas:

- *The Importance of Attendance and Participation in Every Class*

As this is a professional program, experiences are designed with the expectation that all members will be fully involved in all classes and in all coursework experiences. As you are a member of a learning community your contribution is vital and highly valued, just as it will be when you take on the professional responsibilities of being a teacher. We expect that you will not be absent from class with the exception of documented instances of personal or family illness or for religious requirements.

- *Engagement in Class Discussion and Inquiry*

Another reason for the importance of attendance and participation in every class is that the course involves working with fellow students to share ideas and thinking. For example, each class you will work with a small group to engage fellow students in discussions on work being considered in class. You will also help other groups by providing ideas for scholarly inquiry in assignments. If you find that you are experiencing difficulties as a group collaborating, please inform the instructor.

EXPECTATIONS FOR WRITING

All written assignments (including, to a lesser extent, written exam responses) will be assessed at least partly on writing skills. Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc.) but also general clarity and organization. Sources used in research papers must be properly documented. If you need help with your writing, you may use the writing support services in the Learning Commons. For further information, please refer to the official online University of Calgary Calendar, Academic Regulations, E. Course Information, E.2: Writing Across the Curriculum: <http://www.ucalgary.ca/pubs/calendar/current/e-2.html>

MISSING OR LATE SUBMISSIONS

All late submissions of assignments must be discussed with the instructor **prior to the due date. Late submissions not discussed with the instructor prior to the due date will receive a zero.** A deferral of up to 30 days may be granted at the discretion of the Associate Dean of Undergraduate Programs prior to the end of the course with accompanying written evidence.

ISSUES WITH GROUP TASKS

With respect to group work, if your group is having difficulty collaborating effectively, please contact the instructor immediately. If a group is unable to collaborate effectively or discuss course materials online in a timely manner, the instructor may re-assign members to different groups or assign individual work for completion.

<https://www.ucalgary.ca/legal-services/university-policies-procedures/student-non-academic-misconduct-policy>

Additional information is available on the Academic Integrity Website at: <https://ucalgary.ca/student-services/student-success/learning/academic-integrity>

Academic Accommodation

It is the student's responsibility to request academic accommodations according to the University policies and procedures listed below. The student accommodation policy can be found at: <https://ucalgary.ca/student-services/access/prospective-students/academic-accommodations>.

Students needing an accommodation because of a disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities: <https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Accommodation-for-Students-with-Disabilities-Procedure.pdf>

Students needing an accommodation in relation to their coursework or to fulfill requirements for a graduate degree based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the designated contact person in their faculty. The course outline should clearly list the appropriate Faculty contact person(s) and their contact details. For further information see E.1 C. Course Policies and Procedures <https://calendar.ucalgary.ca/pages/a89ecfbf758841b5983c4b67746e7846>

Research Ethics

Students are advised that any research with human participants – including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Conjoint Faculties Research Ethics Board (<https://research.ucalgary.ca/conduct-research/ethics-compliance/human-research-ethics/conjoint-faculties-research-ethics-board-cfreb>) or the Conjoint Health Research Ethics Board (<https://research.ucalgary.ca/conduct-research/ethics-compliance/human-research-ethics/conjoint-health-research-ethics-board-chreb>)

In completing course requirements, students must not undertake any human subjects research without discussing their plans with the instructor, to determine if ethics approval is required. Some courses will include assignments that involve conducting research with human participants; in these cases, the instructor will have applied for and received ethics approval for the course assignment. The instructor will discuss the ethical requirements for the assignment with the students.

For further information see E.5 Ethics of Human Studies

Instructor Intellectual Property

Course materials created by instructors (including presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the instructor. These materials may NOT be reproduced, redistributed or copied without the explicit consent of the instructor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.

Freedom of Information and Protection of Privacy

Student information will be collected in accordance with typical (or usual) classroom practice. Students' assignments will be accessible only by the authorized course faculty. Private information related to the individual student is treated with the utmost regard by the faculty at the University of Calgary. For more information, please see: <https://www.ucalgary.ca/hr/work-compensation/working-ucalgary/freedom-information-and-privacy-act>

Copyright Legislation

All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright (<https://www.ucalgary.ca/legal-services/university-policies-procedures/acceptable-use-material-protected-copyright-policy>) and requirements of the copyright act (<https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html>) to ensure they are aware of the consequences of unauthorized sharing of course materials (including instructor notes, electronic versions of textbooks etc.). Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy <https://www.ucalgary.ca/legal-services/university-policies-procedures/student-non-academic-misconduct-policy>.

Sexual and Gender-Based Violence Policy

The University recognizes that all members of the University Community should be able to learn, work, teach and live in an environment where they are free from harassment, discrimination, and violence. The University of Calgary's sexual violence policy guides us in how we respond to incidents of sexual violence, including supports available to those who have experienced or witnessed sexual violence, or those who are alleged to have committed sexual violence. It provides clear response procedures and timelines, defines complex concepts, and addresses incidents that occur off-campus in certain circumstances. Please see the policy available at <https://www.ucalgary.ca/legal-services/university-policies-procedures/sexual-and-gender-based-violence-policy>

Other Important Information

Please visit the Registrar's website at: <https://www.ucalgary.ca/registrar/registration/course-outlines> for additional important information on the following:
