Summer 2024****Class Dates** July 8 – July 19, 2024 **Class Time** MTWRF 13:00–15:50

Last Day to Add/Drop/Swap: Due to the non-standard dates associated with this program, please check your Student Centre for the important dates pertaining to your section.

Pre-requisite: Due to the multiple pathways in the Bachelor of Education, please consult Undergraduate Programs in Education for questions related to pre-requisite courses.

Email: Students are required to use a University of Calgary (@ucalgary.ca) email address for all correspondence.

COURSE DESCRIPTION:

The intent of the Specialization Seminar II is to deepen students' understanding of the practical aspects of teaching within the specialization and to connect this practice with specific theoretical concepts. While this second specialization course focuses more on practical knowledge, students will also refine their knowledge of discourse and theory within the discipline and develop a deeper understanding of ways to enact this theory in a classroom context. Students will additionally become familiar with any relevant Ministry documents associated with the Alberta Curriculum and draw on practical classroom observation from the field experience to participate in meaningful discussion and to connect these observations with a vision for their own teaching. The emphasis of the course is on designing for student learning (subject-specific; assessment to strengthen student learning and improve instruction; and designing for inclusion, differentiation, and inquiry).

LEARNER OUTCOMES:

Students will:

- Further develop a deeper conceptual understanding of the historical, socio-cultural, political contexts of the discipline, and relate this to curriculum planning in the specialization areas;
- Identify and critique the key learning perspectives (as outlined in the front matter of the Programs of Study) and intentions (learning objectives) across the units in a grade from the Alberta Programs of Study;
- Successfully apply theoretical knowledge to the design of a longer-term unit and assessment plan.

COURSE DESIGN AND DELIVERY: This course will be delivered face-to-face on campus.

LEARNING TASKS AND ASSESSMENT
I. LEARNING TASK 1: Language Teaching Method Document (30%)

DUE: July 15, 2024, by 11:59pm into the Dropbox folder

Task: Using the points below, students in groups will:

- design a language teaching method document that other teachers could use to learn about the language teaching method
- critique the method and say what is good and bad about the language teaching method
- include three activities that illustrate the language teaching method

Assessment Criteria:

	A+ / A	A- / B+	B / C+
Meaningfulness to teachers	The document would be extremely meaningful to teachers.	The document would be somewhat useful to teachers.	The document would not be useful to teachers.
Critique of language teaching method and connection to prior learning	Analysis is insightful showing depth of thought and critical reflection, arguments strongly supported by thoughtful connection to prior learning	Analysis shows some insight and critical reflection; most arguments supported by connections to prior learning	Analysis shows no depth or insight, no evidence of critical thinking; few or no attempts made to connect this method to prior learning
3 example activities that illustrate the method	The 3 example activities illustrate the method extremely well; they would be natural choices to incorporate into the lesson; clear presentation of activities in document	The 3 example activities illustrate the method well; they could work in the lesson but would need to be adapted and justified of their use	The 3 example activities do not illustrate the method
Overall presentation of the document	Document is presented in a highly organized and accessible manner; excellent visuals references used are correctly cited acc. to APA	Document is presented in a somewhat organized and accessible manner; very good visuals references used are cited acc. to APA with one or two errors	Document is confusing and would be difficult to access; no visuals are used references are not correctly cited acc. to APA

Group members will receive the same grade.

II. LEARNING TASK 2: Unit Plan (30%)

Due: July 19, 2024, by 11:59pm into the D2L Dropbox

Task: Using the template provided, students will individually:

- design a unit-plan for learning and assessment to foster deep understanding of a key disciplinary concept and build language competency.
- include a rationale for the learning plan, as supported by theory and discipline.
- discuss practicalities of enacting this learning and assessment plan: fitting it into a larger context/concept, integration of effective formative assessment strategies for scaffolding and adapting to the needs of diverse learners.

Template: Please note these can be adapted for your particular circumstances and are provided as a guide.

A. Unit Title, Subject Area, and Topic – *The theme of your unit.* This can be developed in consultation with your instructor and should be clearly and specifically titled.

B. Reference to Alberta Education Curriculum or standards, as it applies to your discipline/unit. Identify how your unit fits within the Alberta Curriculum. Provide an explanation if it doesn't fit explicitly.

C. Grade Level – *The grade in which the subject is taught*

D. Unit Rationale – *Provide a paragraph explanation where the value of the unit is presented.* This rationale should support your choice to create a full unit on this topic.

E. Learning Outcomes – Describe the learning outcomes for the overall unit (longer term). In your lesson plan, describe the learning outcomes or goals for that specific lesson (shorter term). One or more of these may overlap. Learning outcomes should define what the students should know/be able to do by the end of the unit and lesson. Specific language outcomes (e.g., vocabulary, sentence structures, and transition devices) need to be included.

F. List of Materials – *List all materials needed to teach the unit.* Be specific.

G. Outline of the Lessons in the Unit – This is specifically about how you will teach the content. How will you teach language and content simultaneously? Will the students work as a whole class, in groups, or individually? How will you transition into different activities? How will you scaffold activities? How will materials be used? Include examples of language teaching/learning methods.

H. Assessment Plan – Provide an assessment plan that includes both formative assessment throughout and summative assessment at the end of the unit, as well as the assessment criteria for the summative assessment.

I. Learner Differentiation – Demonstrate how your plan addresses the interests and needs of a range of students. For example, how will you address students with special needs? English language learners? Students who excel at group work or at independent time? You must include three ways in which your plan addresses the diverse needs of students, one of which must include ELL/L2 strategies or integration.

J. Creativity and Innovation – Detail how your unit will include a variety of teaching methods, with specific reference to creative teaching that engages all students. Include discussion of your inclusion of technology in the curriculum and ways to include interdisciplinarity.

K. List of Sources – All sources consulted in preparation of the unit should be listed. Note: multiple sources are expected. Present a reference page in APA 7 format.

Assessment Criteria:

	A+ / A	A- / B+	B / C+
Inclusiveness	The unit plan is thorough with all required components explicitly laid out.	The unit plan is complete with all required components clearly laid out.	The unit plan is complete with required components laid out somewhat clearly.

Explicit criteria	Reasonable assessment plan with formative and summative assessments. Assessment plan provides a defensible picture of student learning. Criteria for summative assessment	Assessment plan somewhat unclear or imbalanced and provides a general picture of student learning. Criteria for summative assessment

	A+ / A	A- / B+	B / C+
	for summative assessment provided.	provided but may lack clarity in some components.	provided but may be vaguely defined.

THE EXPECTATION OF EXCELLENCE IN PROFESSIONAL WORK

Please review the Academic Calendar carefully. It describes the program and provides detailed schedules and important dates. It contains information on expectations for student work and professional conduct. In addition, procedures are described regarding concern about student performance in the program. Please pay especially careful attention to details and descriptions in the following topic areas:

- *The Importance of Attendance and Participation in Every Class*

As this is a professional program, experiences are designed with the expectation that all members will be fully involved in all classes and in all coursework experiences. As you are a member of a learning community your contribution is vital and highly valued, just as it will be when you take on the professional responsibilities of being a teacher. We expect that you will not be absent from class with the exception of documented instances of personal or family illness or for religious requirements.

- *Engagement in Class Discussion and Inquiry*

Another reason for the importance of attendance and participation in every class is that the course involves working with fellow students to share ideas and thinking. For example, each class you will work with a small group to engage fellow students in discussions on work being considered in class. You will also help other groups by providing ideas for scholarly inquiry in assignments. If you find that you are experiencing difficulties as a group collaborating, please inform the instructor.

EXPECTATIONS FOR WRITING

All written assignments will be assessed at least partly on writing skills. Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc.) but also general clarity and organization. Sources used in papers must be properly documented. If you need help with your writing, you may use the writing support services in the Student Success Centre. For further information, please refer to the official online University of Calgary Calendar, Academic Regulations, E. Course Information, E.2: Writing Across the Curriculum:

<http://www.ucalgary.ca/pubs/calendar/current/e-2.html>

LATE SUBMISSIONS

All late submissions of assignments must be discussed with the instructor **prior to the due date**. Students may be required to provide written documentation of extenuating circumstances (e.g. statutory declaration, doctor's note, note from the University of Calgary Wellness Centre, obituary notice). A deferral of up to 30 days may be granted at the discretion of the Associate Dean of Undergraduate Programs prior to the end of the course with accompanying written evidence **prior to the last class**.

ISSUES WITH GROUP TASKS

With respect to group work, if your group is having difficulty collaborating effectively, please contact the instructor immediately. If a group is unable to collaborate effectively or discuss course materials online in a timely manner, the instructor may re-assign members to different groups or assign individual work for completion.

Students in the B.Ed. program must have an overall GPA of 2.5 in the semester to continue in the program without repeating courses.

Academic Accommodation

It is the student's responsibility to request academic accommodations according to the University policies and procedures listed below. The student accommodation policy can be found at: <https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Student-Accommodation-Policy.pdf>. Students needing an accommodation because of a disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities: [ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Accommodation-for-Students-with-Disabilities-Procedure.pdf](https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Accommodation-for-Students-with-Disabilities-Procedure.pdf). Students needing an accommodation in relation to their coursework based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to their Instructor.

Academic Misconduct

For information on academic misconduct and its consequences, please see the University of Calgary Calendar at <http://www.ucalgary.ca/pubs/calendar/current/k.html>

Attendance/ Prolonged Absence

Students may be asked to provide supporting documentation for an exemption/special request. This may include, but is not limited to, a prolonged absence from a course where participation is required, a missed course assessment, a deferred examination, or an appeal. Students are encouraged to submit documentation that will support their situation. Supporting documentation may be dependent on the reason noted in their personal statement/explanation provided to explain their situation. This could be medical certificate/documentation, references, police reports, invitation letter, third party letter of support or a statutory declaration etc. The decision to provide supporting documentation that best suits the situation is at the discretion of the student.

Falsification of any supporting documentation will be taken very seriously and may result in disciplinary action through the Academic Discipline regulations or the Student Non-Academic Misconduct policy.

The Freedom of Information Protection of Privacy Act prevents instructors from placing assignments or examinations in a public place for pickup and prevents students from access to exams or assignments other than their own. Therefore, students and instructors may use one of the following options: return/collect assignments during class time or during instructors' office hours, students provide instructors with a self-addressed stamped envelope, or submit/return assignments as electronic files attached to private e-mail messages.
