COURSE DESCRIPTION:

The intent of the Specialization Seminar II is to deepen your understanding of the practical aspects of teaching within the specialization and to connect this practice with specific theoretical concepts. While this second specialization course focuses more on practical knowledge, you will also refine your knowledge of discourse and theory within the discipline and develop a deeper understanding of ways to enact this theory in a classroom context. You will additionally become familiar with any relevant Ministry documents associated with the Alberta Curriculum and draw on practical classroom observation from the field experience to participate in meaningful discussion and to connect these observations with a vision for your own teaching. The emphasis of the course is on designing for student learning (subject-specific; assessment to strengthen student learning and improve instruction; and designing for inclusion, differentiation, and inquiry).

LEARNER OUTCOMES:

Over the course of the semester, students will:

- 1) Further develop a deeper conceptual understanding of the historical, socio-cultural, political contexts of the *discipline of second language teaching*, and relate this to curriculum planning in the specialization area;
- 2) Identify and critique the *key learning perspectives* (as outlined in the front matter of the Programs of Study) and *intentions* (learning objectives) across the units in a grade from the Alberta Programs of Studies;

- 3) Successfully apply theoretical knowledge to the design of a longer-term unit and assessment plan.

COURSE DESIGN AND DELIVERY: This course will be delivered in person on campus with some engagement in a D2L environment.

LEARNING TASKS AND ASSESSMENT

There are 3 required Learning Tasks for this course.

1. LEARNING TASK 1: Reflection on Field II Experience (30%) Due: by 11:59 pm Sept. 20, 2024 (into D2L Dropbox)

Part I: Students will prepare a structured reflection on Field II experiences (4-6 pages, double-spaced). Topics to explore are:

- (i) **Second Language Teaching** – (challenges and lessons learned)
- (ii) **Classroom management** – (what were your successes and challenges?)
- (iii) **Differentiation** – (what did you learn about differentiating to support students in Field II?)
- (iv) **Assessment** – (what experiences did you have in learning about assessment?)

Part II: Students will create an action plan for Year 2 linking back to learning from Year 1 (1 page, double-spaced).

CRITERIA FOR ASSESSMENT OF LEARNING TASK 1

Reflections should include an exploration of the four topics listed above, showing a thoughtful examination of experiences, including specific anecdotes where useful to illustrate your learning. You should link Field II experiences with your learning from Year 1 courses, including references to readings that stood out for you. In the action plan, you will identify areas that you plan to focus on during Field III and IV, with a justification (why these areas?) and your plan for developing these areas (how will you delve deeper? how can you develop your skills?). This will be a written submission, but need not be written as an academic paper, but rather as a professional document (use headings, subheadings).

A rubric will be provided in D2L and discussed in class.

2. LEARNING TASK 2: Multimodal Parent Night presentation (30%) – DUE: by 1:00pm Oct. 18, 2023 (into D2L Dropbox)

Topic: How do students learn a second language in the L2 or Bilingual classroom? (choose only 1 context)
Presentations will be submitted into Dropbox.

With a partner or in a group of 3, students will create a presentation to inform parents/students about how students learn a second language and what it means to teach and learn in the L2 or Bilingual context. What are the critical aspects? What does research say about how we can help students to achieve success? How does this happen daily in the classroom? You will create a multimodal presentation (video, Powerpoint/Prezi, podcast, multimedia) to present your understanding to an audience at a parent night at school. You should include references to the theory we have studied in both Specialization courses and show how the theory comes to life in the classroom. May include your learning from your Field II experiences. Groups may choose to present in class or submit to the D2L Dropbox and Discussion board. The finished product will be 10-15 minutes.

CRITERIA FOR ASSESSMENT OF LEARNING TASK 2

The presentation will provide a well-organized and thorough introduction to how students learn a second language in the L2 or Bilingual classroom, with a focus on how teachers support students and create an environment to promote language learning. Each facet will be backed up with a reference to the theory/research (in clear language geared to parent audience). The mode of presentation (video, PowerPoint, podcast etc.) should be engaging; all group members should contribute to the presentation equally.

A rubric will be provided in D2L and discussed in class.

3. LEARNING TASK 3: Design of unit plan and assessment plan (40%) – DUE: by 11:59 pm Oct. 25, 2023 (into D2L Dropbox)

Using the template provided, students will design a unit learning plan and assessment plan (with supporting interactive web tools, if necessary) that demonstrate a solid understanding of the theoretical aspects presented in the course.

CRITERIA FOR ASSESSMENT OF LEARNING TASK 3

Following the template that will be provided in D2L under Content, your unit plan will provide the essential questions, Program of Studies objectives, assessment plan, and an outline of the lessons in the unit (not full lesson plans). Your unit plan should build deep understanding of the content while showing how you will integrate appropriate language into the content (CBLT). You will scaffold the lessons throughout the unit so that you build understanding through authentic and engaged learning. You will provide a detailed assessment plan (of formative assessment throughout, as well as an outline with assessment criteria and rubric for the final project).

A rubric will be provided in D2L and discussed in class.

GENERATIVE AI POLICY

Please note that all assignments are expected to be the original work of the student. Your decision to use generative AI (for example, ChatGPT) in any of your work, including notetaking and assignments, must be previously discussed with the instructor in writing. Your communication to the instructor around your decision to use Generative AI should include a short paragraph discussing the ethical implications, your intention and reasoning. In class, we will discuss the ethical and political context of generative AI, including the environmental impacts, origins and ‘washing’ of datasets, citational issues and practices, and how to make decisions around AI for accessibility reasons (see [Gray, 2024](#)).

Recording class lectures and dialogues is not permitted. If you require the support of generative AI technologies for accessibility, please discuss this with the instructor. Incorrect citational practices with these tools will be considered academic misconduct and will be treated as such.

THE EXPECTATION OF EXCELLENCE IN PROFESSIONAL WORK

Please review the Academic Calendar carefully. It describes the program and provides detailed schedules and important dates. It contains information on expectations for student work and professional conduct. In addition, procedures are described regarding concern about student performance in the program. Please pay especially careful attention to details and descriptions in the following topic areas:

- *The Importance of Attendance and Participation in Every Class*

As this is a professional program, experiences are designed with the expectation that all members will be fully involved in all classes and in all coursework experiences. As you are a member of a learning community your contribution is vital and highly valued, just as it will be when you take on the professional responsibilities of being a teacher.

- *Engagement in Class Discussion and Group Tasks*

Another reason for the importance of attendance and participation in every class is that the course involves working with other students to share ideas and thinking. **With respect to group work, if your group is having difficulty collaborating effectively, please contact the instructor immediately.** If a group is unable to collaborate effectively or discuss course materials online in a timely manner, the instructor may re-assign members to different groups or assign individual work for completion. Students within the same group may be assigned different grades, at the instructor’s professional discretion.

EXPECTATIONS FOR WRITING

All written assignments (including, to a lesser extent, written exam responses) will be assessed at least partly on writing skills. Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc.) but also general clarity and organization. Sources used in research papers must be properly documented. If you need help with your writing, you may use the writing support services in the Learning Commons. For further information, please refer to the official online University of Calgary Calendar, Academic Regulations, E. Course Information, E.2: Writing Across the Curriculum: <http://www.ucalgary.ca/pubs/calendar/current/e-2.html>

MISSING OR LATE SUBMISSIONS

All late submissions of assignments must be discussed with the instructor **prior to the due date**. A deferral of up to 30 days may be granted at the discretion of the Associate Dean of Undergraduate Programs prior to the end of the course with accompanying written evidence. <https://calendar.ucalgary.ca/pages/jyekfh6xwhoHwxcetCi1>

Academic Misconduct

Academic Misconduct refers to student behavior which compromises proper assessment of a student's academic activities and includes cheating; fabrication; falsification; plagiarism; unauthorized assistance; failure to comply with an instructor's expectations regarding conduct required of students completing academic assessments in their courses; and failure to comply with exam regulations applied by the Registrar.

Additional information is available on the Academic Integrity Website at: <https://ucalgary.ca/student-services/student-success/learning/academic-integrity>

Academic Accommodation

It is the student's responsibility to request academic accommodations according to the University policies and procedures listed below. The student accommodation policy can be found at: <https://ucalgary.ca/student-services/access/prospective-students/academic-accommodations>.

Students needing an accommodation because of a disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities: <https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Accommodation-for-Students-with-Disabilities-Procedure.pdf>

Research Ethics

Students are advised that any research with human participants – including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Conjoint Faculties Research Ethics Board (<https://research.ucalgary.ca/conduct-research/ethics-compliance/human-research-ethics/conjoint-faculties-research-ethics-board-cfreb>) or the Conjoint Health Research Ethics Board (<https://research.ucalgary.ca/conduct-research/ethics-compliance/human-research-ethics/conjoint-health-research-ethics-board-chreb>)

In completing course requirements, students must not undertake any human subjects research without discussing their plans with the instructor, to determine if ethics approval is required. Some courses will include assignments that involve conducting research with human participants; in these cases, the instructor will have applied for and received ethics approval for the course assignment. The instructor will discuss the ethical requirements for the assignment with the students.

Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy <https://www.ucalgary.ca/legal-services/university-policies-procedures/student-non-academic-misconduct-policy>.

Sexual and Gender-Based Violence Policy

The University recognizes that all members of the University Community should be able to learn, work, teach and live in an environment where they are free from harassment, discrimination, and violence. The University of Calgary's sexual violence policy guides us in how we respond to incidents of sexual violence, including supports available to those who have experienced or witnessed sexual violence, or those who are alleged to have committed sexual violence. It provides clear response procedures and timelines, defines complex concepts, and addresses incidents that occur off-campus in certain circumstances.
