COURSE DESCRIPTION:

Veillez noter que ce cours est en français. Nous nous attendons à ce que toutes vos contributions soient en français.

The intent of the Specialization Seminar II is to deepen your understanding of the practical aspects of teaching within the specialization and to connect this practice with specific theoretical concepts. While this second specialization course focuses more on practical knowledge, you will also refine your knowledge of discourse and theory within the discipline and develop a deeper understanding of ways to enact this theory in a classroom context. You will additionally become familiar with any relevant Ministry documents associated with the Alberta Curriculum and draw on practical classroom observation from the field experience to participate in meaningful discussion and to connect these observations with a vision for your own teaching. The emphasis of the course is on designing for student learning (subject-specific; assessment to strengthen student learning and improve instruction; and designing for inclusion, differentiation, and inquiry).

LEARNER OUTCOMES:

Over the course of the semester, students will:

- 1) Further develop a deeper conceptual understanding of the historical, socio-cultural, political contexts of the *discipline*, and relate this to curriculum planning in the specialization areas;
- 2) Identify and critique the *key learning perspectives* (as outlined in the front matter of the Programs of Study) and *intentions* (learning objectives) across the units in a grade from the Alberta Programs of Study;
- 3) Successfully apply theoretical knowledge to the design of a longer-term unit and assessment plan.

COURSE DESIGN AND DELIVERY: This course will be delivered online (D2L and ZOOM)

LEARNING TASKS AND ASSESSMENT

There are **three** required Learning Tasks for this course.

1. LEARNING TASK 1: Research project and PowerPoint : L'enseignement avec des approches pédagogiques diversifiées

(20%) (Individual) Due September 25, 2020 (presentation during Zoom Sept 28, 2020)

Consultation with practicing teachers (Zoom session) and research will lead to the development of a series of strategies for teaching in FSL or French Immersion via various pathways (face-to-face, remote, blended learning); students will present PowerPoint slides with their findings

CRITERIA FOR ASSESSMENT OF LEARNING TASK 1:

We will work together to prepare the assessment criteria for this assignment; criteria will be posted in **D2L**.

2. LEARNING TASK 2: Planning of teaching sequence integrating language/content (Groupe) 40%

Prepare and present planning sequence for introduction of new material in lesson: amorce, questionnement, le nouveau contenu, interaction, travail, évaluation (DUE DATE: 21 octobre)

CRITERIA FOR ASSESSMENT OF LEARNING TASK 2: *Specifics will be discussed during first Zoom session.*

To achieve an **A/A-** for this assignment, your teaching sequence should be well-ordered, including the elements as outlined above (hook, activation of prior knowledge through questioning, presentation and manipulation of new content, interaction opportunities, tasks, assessment). Your work will show a clear progression from first steps by the teacher, with a gradual move towards student-centered engagement. Attention will be given to the integration of language and content as you progress through the lesson steps. Presentation during **ZOOM** session will demonstrate confident mastery of your plan.

A grade of **B+ or lower** will indicate that all elements (as above) are not present and/or that the sequence has weaknesses that will not lead to optimal learning by your students. Your sequence may also show too much focus on a pre-prepared script or on a teacher-centered approach. Your sequence may show a lack of attention to language/content integration. Your presentation will reveal a lack of mastery of the flow of your lesson.

3. LEARNING TASK 3: Design of unit plan and assessment plan (Individual) (40%) (DUE: 30 octobre)

Goals of this assignment:

To design a unit plan for learning and assessment plan to sponsor deep understanding of a key disciplinary concept and/or competency in the FSL or French Immersion context.

To include a rationale for the learning plan, as supported by theory and discipline.

To discuss practicalities of enacting this learning and assessment plan: fitting it into a larger context/concept, integration of effective formative assessment strategies for scaffolding and adapting to the needs of diverse learners.

CRITERIA FOR ASSESSMENT OF LEARNING TASK 3

Assessment rubric will be co-created with students and will be posted in D2L.

THE EXPECTATION OF EXCELLENCE IN PROFESSIONAL WORK

Please review the Academic Calendar carefully. It describes the program and provides detailed schedules and important dates. It contains information on expectations for student work and professional conduct. In addition, procedures are described regarding concern about student performance in the program. Please pay especially careful attention to details and descriptions in the following topic areas:

- *The Importance of Attendance and Participation in Every Class*

As this is a professional program, experiences are designed with the expectation that all members will be fully involved in all classes and in all coursework experiences. As you are a member of a learning community your contribution is vital and highly valued, just as it will be when you take on the professional responsibilities of being a teacher. We expect that you will not be absent from class with the exception of documented instances of personal or family illness or for religious requirements.

- *Engagement in Class Discussion and Inquiry*

Another reason for the importance of attendance and participation in every class is that the course involves working with fellow students to share ideas and thinking. For example, each class you will work with a small group to engage fellow students in discussions on work being considered in class. You will also help other groups by providing ideas for scholarly inquiry in assignments. If you find that you are experiencing difficulties as a group collaborating, please inform the instructor.

EXPECTATIONS FOR WRITING

All written assignments will be assessed at least partly on writing skills. **Notez que vous allez préparer tous vos travaux en langue française.** Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc.) but also general clarity and organization. Sources used in research papers must be properly documented. If you need help with your writing, you may use the writing support services in the Learning Commons. For further information, please refer to the official online University of Calgary Calendar, Academic Regulations, E. Course Information, E.2: Writing Across the Curriculum:
<http://www.ucalgary.ca/pubs/calendar/current/e-2.html>

LATE SUBMISSIONS

All late submissions of assignments must be discussed with the instructor **prior to the due date**. Students may be required to provide written documentation of extenuating circumstances (e.g. statutory declaration, doctor's note, note from the University of Calgary Wellness Centre, obituary notice). A deferral of up to 30 days may be granted at the discretion of the Associate Dean of Undergraduate Programs with accompanying written evidence.

ISSUES WITH GROUP TASKS

With respect to group work, if your group is having difficulty collaborating effectively, please contact the instructor immediately. If a group is unable to collaborate effectively or discuss course materials online in a timely manner, the instructor may re-assign members to different groups or assign individual work for completion.

Academic Accommodation

Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services; SAS will process the request and issue letters of accommodation to instructors. For additional information on support services and accommodations for students with disabilities, visit www.ucalgary.ca/access/. Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor. The full policy on Student Accommodations is available at <http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf>.

Academic Misconduct

For information on academic misconduct and its consequences, please see the University of Calgary Calendar at <http://www.ucalgary.ca/pubs/calendar/current/k.html>

Attendance/ Prolonged Absence

Students may be asked to provide supporting documentation for an exemption/special request. This may include, but is not limited to, a prolonged absence from a course where participation is required, a missed course assessment, a deferred examination, or an appeal. Students are encouraged to submit documentation that will support their situation. Supporting documentation may be dependent on the reason noted in their personal statement/explanation provided to explain their situation. This could be medical certificate/documentation, references, police reports, invitation letter, third party letter of support or a statutory declaration etc. The decision to provide supporting documentation that best suits the situation is at the discretion of the student.

Falsification of any supporting documentation will be taken very seriously and may result in disciplinary action through the Academic Discipline regulations or the Student Non-Academic Misconduct policy.
